To do this, the Member must sign into one of the Portes du Soleil resorts’ websites and fill in the registration form by completing the fields marked as mandatory. Only one “My Club Portes du Soleil” account will be granted per person (same last name, first name and postal address) and per email address. AIERM is able to carry out any necessary checks and invalidate the membership of anyone who does not meet the requirements for membership of the programme. At the time of joining, the Member will provide the “internet/wtp” number of the hands-free cards in their possession (up to a maximum of 7 hands-free cards).

4 - How the programme works and earning Suns.

The aim of the programme is to enable Members who have activated their membership in accordance with articles 3.2. and 3.3. to earn Suns when purchasing ski or mountain bike passes at Portes du Soleil resorts.

To do this, members must enter their hands-free card number in the relevant field when purchasing online passes on the website of a Portes du Soleil resort.

Details of the number of Suns earned by members for each purchase made at Portes du Soleil resorts in accordance with articles 4.1. and 4.2. are provided to Members via their personal “My Club Portes du Soleil” account that can be consulted via the website.

Suns are earned for the purchase of each individual or family ski or mountain bike pass. It is stipulated that group passes, season passes, passes obtained via resellers, points cards, single-use tickets and pedestrian passes are excluded and do not earn Suns as part of this programme.

Suns earned by members as part of this programme are credited to the Member’s account within one clear day after the purchase of the pass which gives entitlement to the aforementioned Suns.

The number of Suns earned depends on the conditions of purchase of the ski or mountain bike passes that give entitlement to the earning of Suns.

4.1. Purchase of a ski or mountain bike pass from a sales point in one of the Portes du Soleil resorts

For all purchases of ski or mountain bike passes made at a sales point in one of the Portes du Soleil resorts, Suns are earned as follows:

- For French resorts: for every 10 € (incl. VAT) spent on a pass in France, 1.2 suns are credited to the member's account.
- For Swiss resorts: for every CHF. 10 (incl. VAT) spent in Switzerland, 1 Sun is credited to the Member's account.

Where applicable, if the remainder of the price of the ski pass is less than 10 euros or 10 Swiss francs, Members are informed that Suns will not be credited to their account in proportion to the aforementioned remainder of the price.

Members who have activated their membership in accordance with articles 3.2 and 3.3. will be able to accumulate points at the same time as they purchase passes in Portes du Soleil resorts by presenting their hands-free card at the point of sale. Suns cannot be awarded and credited afterwards, in particular in the event of a Member presenting their hands-free card at a point of sale after having paid for their purchase.

4.2. Purchase of a ski or mountain bike pass via the ecommerce website of one of the Portes du Soleil resorts

For all purchases of a ski or mountain bike pass, Members earn Suns that correspond to a certain number of points. These Suns are credited to the Member's account within one hour of the purchase of the pass that gives entitlement to Suns on the ecommerce website of Portes du Soleil resorts.

For all purchases of ski or mountain bike passes made on an ecommerce website of one of the Portes du Soleil resorts, Suns are earned as follows:

- For French resorts: for every 10 € (incl. VAT) spent on a pass in France, 1.9 Suns are credited to the Member's account.
- For Swiss resorts: for every CHF. 10 (incl. VAT) spent in Switzerland, 1.7 Suns are credited to the Member's account.

Where applicable, if the remainder of the price of the ski pass is less than 10 euros or 10 Swiss francs, Members are informed that Suns will not be credited to their account in proportion to the aforementioned remainder of the price.

4.3. Scale

The scale of Suns awarded for the purchase of passes is freely determined and is subject to change at any time by AIERM Portes du Soleil. Any changes to the aforementioned scale will come into effect once Members have been informed via their account.

5 - Converting Suns

200 Suns are required to obtain a free Portes du Soleil day pass.

As soon as the Member has 200 Suns on their account thanks to purchases made on the hands-free cards registered in their account, the Member will be invited to convert these Suns into a free Portes du Soleil day pass.

The Member will have to choose on which hands-free card among the cards registered in their account the Sun Day will be placed.

This free pass must be used at the latest during the season that follows the season during which it was acquired by the Member.

6 - Duration of membership

Membership of the “My Club Portes du Soleil” loyalty programme comes into effect once the Member’s registration has been approved. It will continue for an unlimited duration, except in the event of the cancellation of the registration by the Member or by the Portes du Soleil lift companies and/or the termination of the programme and/or if one or several of the possibilities set out in article 11 are applicable.

7 - Modification / suspension / termination of the programme

The Portes du Soleil lift companies reserve the right to improve, make unlimited changes to, suspend or delete any time, all or some of the elements and how the programme operates, as defined in these terms and conditions, including how Suns are acquired and converted.

Members will be informed of any changes to the programme on the websites of the Portes du Soleil resorts and/or by email (subject to the email address provided by the Member at the time of signing up being correct and active), providing reasonable notice prior to implementing the changes.

Members retain the option of cancelling their participation in the programme at all times in accordance with the terms set out in article 11. Any participation in the programme after the date on which modifications come into effect implies acceptance by the member of changes made to the programme.

AIERM has the right to put an end to the programme at any time, subject to providing 3 months’ notice prior to the end of the current ski season to enable members to use up their balance of Suns. Members will be informed of this decision by all means, in particular via information posted on the websites of the Portes du Soleil resorts and will be notified individually.

Members are not entitled to compensation due to the modification, suspension or termination of the programme.

If, on the day the programme ends, the Member’s total number of Suns entitles them to a Sun day(s), they will be entitled to receive it/them, subject to the Member requesting it/them within 30 days from the date the information relating the termination of the

programme is published on the website and/or sent to them by email (subject to the email address provided by the Member at the time of registration being valid and active). Should the Suns earned not be converted into Sun days within the aforementioned time period, the Suns will be irrevocably lost and there is no entitlement to compensation.

8 - Loss, theft or damage to the hands-free card

In the event of loss, theft or damage to one of the hands-free cards linked to their account, the Member must obtain a new one from one of the sales points in the Portes du Soleil resorts, delete the old card and replace it with the new one in their "My Club Portes du Soleil" account by entering the internet/wtp number on the new hands-free card. Suns previously earned remain on the account.

9 - Responsibility of AIERM Portes du Soleil

The Suns provided to Members are done so within the framework of the terms of use drawn up by AIERM Portes du Soleil.

Generally speaking, AIERM ensures, in respect of its obligation of means, the management of the programme as well as the provision of the related Suns, within the limit fixed by the technical resources available. In this respect, AIERM cannot be held liable for failures in their provision if these failures are attributable to the Member, to the actions of a third party not placed under their control or to all cases of force majeure. In particular, AIERM cannot be held liable for congested communications networks.

In the event of a breakdown of the IT system that affects management of the Suns, compensation to the Member will only be the awarding of Suns.

The Member is obliged to maintain a valid email address and postal address during the duration of their membership in order to benefit from all of the programme's advantages and receive communications relating to the management of the programme.

The Suns are for the sole benefit of the Member and cannot be transferred to a third party.

Failure by the Member to comply with the programme's terms and conditions, any abusive or fraudulent use of the Suns, falsification of information provided as well as prejudicial behaviour (fraud, attempted fraud, etc...) by the Member could lead to the cancellation, without notice or compensation, of membership of the programme and deletion of the Suns earned with their account as provided for in article 11. This cancellation will take place without prejudice to subsequent legal action by AIERM.

11 - Cancellation

11.1. Cancellation by the Member.

- improper or fraudulent use
